To: Regional Foresters; Station Directors; Area Director; State Foresters; Bureau Chiefs, Department of the Interior; and Executive Director, Canadian Forestry Association

CONSOLIDATED ORDERS DUE IN WASHINGTON, DC, AUGUST 25

Enclosed is the new Smokey Bear Campaign Catalog and Order Form. This is to be used for ordering your 1990 Cooperative Forest Fire Prevention (CFFP) materials. The Catalog has been redesigned to align common items and to facilitate your review prior to ordering. Based on your input, several items are being reissued in 1990. We hope you will find them to be as useful and well received as in prior years. These materials may be mailed directly to the National Forests, Regions, Area, or States indicated on your order.

States should forward their orders to the appropriate Region or the Area office where they will be combined and sent to Washington. Consolidated orders for Region 9 will only include the National Forests. Those for the States in that Region will be consolidated by the Northeastern Area. All other Regions will consolidate orders for both National Forests and States.

All Regions should use the software package for transmitting their Smokey Bear orders via Data General. It is important that total quantities be shown as number of standard packs. Handwritten orders will not be accepted, and orders will not be shipped to P.O. boxes. The item, number of standard packs, and freight address are to be listed on a separate form for every item ordered. **In order to facilitate completion of National consolidated order please list all offices of your Region, State, Forests, Districts, and Area whether or not orders have been placed. Where items are not ordered please place zero in the amount column.** These forms must accompany the consolidated order when it is sent to Washington.

You will be notified if there is difficulty in obtaining items from vendors. The prices quoted herein are our best estimates of break-even costs and include prepaid delivery charges. Materials ordered should be obligated against FY 1990 funds. The Washington Office will request transfer of the full amount obligated early in FY '90.

Please contact Zaneta Humes (703 or FTS) 235-8666 if you have questions relating to the 1990 order.

Also included in this Catalog is the current list of authorized licensees and the products manufactured. This list is provided to assist you in locating sources of promotional materials for use in prevention activities.

The National Association of State Foresters (NASF) will distribute its 1990 Catalog directly to State forestry offices. That Catalog contains some of the same standard items found in our CFFP Campaign Catalog. States may order directly from NASF, but Federal regulations prohibit any purchasing from NASF by Federal agencies.

Remember -
Only you can PREVENT FOREST FIRES!

Dear Friend:

For over 45 years, people like you have worked hard to help me prevent forest fires. We have done well together, but we can do even more in 1990.

This guide describes the materials prepared for my 1990 campaign. Some of the items have been around for many years, others are new.

With the cost of printing rising, it may be tough to finance the stocks we need to cover all the opportunities we have to push forest fire prevention. Please think about your own opportunities and problems and order the items that will best meet your needs.

Not included in this campaign guide are the "mass media" materials for radio, television, newspapers, outdoor and transit advertising, and magazines. These are distributed directly to the media by the Advertising Council. The media donate their time and space to forest fire prevention. Last year their donations were worth more than $43 million. Local contacts were important in making the figure so impressive.

The key people in my campaign are people like you who want to help.
